

Surveillance Form for Tick Identification

ALL Sections of this form must be completed at every visit

NOTE:

- Public Health Ontario's laboratory does not return back to sender any specimen submitted for tick identification.
- Tick testing and data collected from submitted ticks will be used for surveillance activities. As per Infectious Disease Society of America (IDSA) guidelines, tick testing should not be used for diagnosis and management of Lyme disease.
- PHO does not perform tick testing on ticks removed from non-human sources (e.g., dogs).
