

SUMMARY REPORT

Ontario Tobacco, Vaping & Cannabis By-law Summary – 2024

3rd Edition: September 2024

Background

The Smoke-Free Ontario Act (SFOA) came into force on May 31, 2006. This Act made all enclosed public places and workplaces (such as restaurants, bars, private clubs, work vehicles and offices) 100% smoke-free.

Additional Amendments/Changes to Regulations:

- Regulations making all vehicles carrying children under the age of 16 smoke-free (January 2009).
- Prohibits smoking on outdoor hospitality patios (Legion and other veterans organizations are exempted), hospital grounds, and outdoor playgrounds and sport fields. The sale of tobacco products on post-secondary educational campuses were also included within these regulations (2015).
- On October 17, 2018 the Smoke-Free Ontario Act, 2017 was passed. The Act replaces the previous SFOA and the ECA.

The [SFOA, 2017](#) restricts the use of vaping products and cannabis anywhere smoking is prohibited. Further restrictions on places where smoking, vaping and cannabis use are prohibited include a:

- 9 metre perimeter around restaurant or bar patios
- 20 metre perimeter around school property
- 20 metre perimeter around children’s playgrounds and publicly owned sporting areas
- 20 metre perimeter around community recreational facility grounds

Municipalities may establish additional restrictions beyond the SFOA through municipal/regional by-laws.

Objective

This summary captures tobacco, vaping and cannabis regional and/or municipal by-laws in Ontario.

How to Use This Document

The by-laws listed in the table below appear in order of date passed/amended, from most recent to oldest. Regions and Municipalities that have more than one tobacco, cannabis and/or vaping by-law remain together and will be placed in the table based on the latest by-law passed.

Legend for items included in by-law:

TS = Tobacco Smoke

ST = Smokeless Tobacco

CS = Cannabis Smoke

V/EC = Vaping/Electronic Cigarettes (any substance)

W = Waterpipe

O = Other (e.g., shisha)

The document will be updated as new and revised bylaws are developed.

This list of by-laws does not include by-laws specific to social and community housing.

Tobacco smoke may come from cigarettes, cigars, pipes, cigarillos, etc.

Smokeless tobacco products do not apply to products intended for use in nicotine replacement therapy.

This list of by-laws does not necessarily capture all by-laws in the province. Only those that were submitted by the Tobacco Control Area Networks as of June 12, 2024 are included.

Revision History

As an ‘evergreen’ document the revisions noted below reflect current changes to this document. There have been 16 edits to this document that include new or amended municipal/regional by-laws that cover tobacco, tobacco, vaping and/or cannabis passed since the last version Public Health Ontario released in 2023.

Printed versions of this document should be checked against the [Public Health Ontario website](#) to ensure the most recent version is being referenced.
